September 29, 2020

Dear Mr. Villarroel Villalón,

I have the pleasure to refer to your letter of September 17, 2020, regarding the World Intellectual Property Organization (WIPO)'s collection of intellectual property-related information and innovation policy measures taken in response to the COVID-19 pandemic.

In order to assist Member States, organizations and individuals in dealing with this extraordinary global health crisis, WIPO has introduced a COVID-19 Intellectual Property (IP) Policy Tracker that collects relevant operational measures and IP-related voluntary actions from the public and private sectors.

I am pleased to inform you that, in addition to the Policy Tracker's existing link to the World Health Organization (WHO)'s webpage dedicated to COVID-19, we have added specific information on the C-TAP initiative. This information includes a link to the WHO's C-TAP dedicated webpage, where individuals may access the latest information.

I very much appreciate your engagement in this process and look forward to continuing our cooperation.

Yours sincerely,

Francis Gurry
Director General
